4.2. UNFPA is committed to preventing, identifying, and addressing all acts of fraud against UNFPA, as well as against third parties involved in UNFPA activities. To this effect, UNFPA has developed an Anti-Fraud Policy with the aim to raise awareness of fraud risks, implement controls to prevent fraud, and establish a procedure to detect fraud and to enforce the Policy.

22. Storage of Bids
   22.1. Bids received prior to the deadline of submission and the time of opening shall remain secure and unopened until the Bid opening date stated in UNFPA’s RFP.

E. BID OPENING AND EVALUATION

23. Bid opening (13)
   UNFPA will conduct an internal Bid opening on [14 September, 2018, at 15:00 Islamabad time] at the office of UNFPA, Serena Business Complex, level II, Khayaban e soharwardy, G-5/1 Islamabad Pakistan.
   23.1. Bids will be opened by an ad-hoc panel consisting of at least two staff members (of which one may be from a different United Nations agency/fund/program) and where at least one
individual has no involvement in the subsequent stages of the procurement process. There will be separate Bid openings for Technical and Financial Bids. The Bidders’ names and submitted documents shall be announced and recorded on the Technical Bid opening report.

23.2. A Bid opening report will be available for viewing only to Bidders who have submitted a bid or their authorized representatives for a period of thirty days from the date of the opening. Information not included in the Bid opening report will not be provided to Bidders.

23.3. Once the Technical evaluation has been completed, the Financial Bids will be opened. During the Financial Bid opening, the Bidders’ names and the prices stated in the Financial Bid shall be announced and recorded on the Financial Bid opening report.

23.4. No Bid shall be rejected during Bid opening, except for late Bids. Rejected Bids will be shredded except for any bank securities, which will be returned to the Bidder.

24. Clarification of Bids

24.1. To assist in the examination, evaluation and comparison of Bids, UNFPA may ask Bidders for clarification of their Bids. The request for clarification and the response shall be in writing by UNFPA, and no change in price or substance of the Bid shall be sought, offered or permitted. Clarification of Bids may be provided only in response to UNFPA request for clarification or request for additional information.

25. Preliminary examination of Bids (14)

25.1. Prior to the detailed evaluation, UNFPA shall examine the Bids to determine whether they are complete with respect to minimum documentation requirements, whether the documents are properly signed, whether any computational errors have been made and whether the Bids are generally in order.

25.2. The procurement official will determine the substantial responsiveness of each Bid to the RFP during the preliminary examination.

25.3. A substantially responsive Bid conforms to all the terms, conditions, and specifications of the Bidding documents without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

25.3.1. Affects in any substantial way the scope, quality, or services specified; or

25.3.2. Limits in any substantial way, inconsistent with the Bidding documents, UNFPA’s rights or the Bidder’s obligations under the contract; or

25.3.3. If rectified would unfairly affect the competitive position of other Bidders presenting substantially responsive Bids.

25.4. UNFPA considers material deviations to include, but not be limited to the following:

25.4.1. During preliminary examination of Bids

25.4.1.1. Absence of Bid form(s), change in the wording or lack of signature on key portions of the Bid form when this is clearly required. Any change in wording that is consistent with the standard format of the Bid form(s) is not a material deviation;

25.4.1.2. The Bidder indicates in the Bid that they do not accept important contract conditions, i.e. related to Force Majeure, Applicable Law, Delivery Schedule, Payment Terms, General Conditions of Contract and Limitation of Liability;
25.4.1.3. Non submission of non-historical documents (documents that should be specifically prepared by the Bidder in response to this RFP) by the bid submission deadline.
25.4.1.4. Non-eligibility of the Bidder;
25.4.1.5. Financial information is included in the Technical Bid.
25.4.2. During technical evaluation of Bids and qualification of Bidders:
   25.4.2.1. Bids do not reach the minimum threshold on technical score.
   25.4.2.2. The Bidder does not meet the minimum conditions for qualification.
25.4.3. During Financial evaluation of Bids:
   25.4.3.1. The Bidder does not accept the required price correction in accordance to Section I: Instructions to Bidders, clause 26.1.3
   25.4.3.2. Required price components are missing;
   25.4.3.3. The Bidder offers less quantity than what is required
25.5. If a Bid is not substantially responsive to the Bidding documents, it shall be rejected by UNFPA and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.

26. Non-conformities, errors, and omissions
   26.1. Provided that a Bid is substantially responsive:
      26.1.1. UNFPA may waive any non-conformities or omissions in the Bid that do not constitute a material deviation.
      26.1.2. UNFPA may request the Bidder to submit the necessary information or documentation within a reasonable period of time to rectify non-material non-conformities or omissions in the Bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.
      26.1.3. UNFPA shall correct arithmetical errors on the following basis:
         26.1.3.1. If there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail, and the line item total shall be corrected, unless in the opinion of UNFPA there is an obvious misplacement of the decimal point in the unit price. In that case the line item total as quoted shall govern, and the unit price shall be corrected;
         26.1.3.2. If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected.

27. Evaluation of Bids (15)
   27.1. The evaluation of the Bids will be carried out in a two-step process by an evaluation panel, with evaluation of the Technical Bid being completed prior to any Financial Bid being opened and compared.
   27.2. The Financial Bid will be opened only for those Bidders, where Technical Bids reach a minimum score of 70% and whom have fulfilled the supplier qualifications. The total number of points a Bidder may obtain for Technical and Financial Bids is 100 points.
27.3. Information relating to the examination, evaluation, comparison, and post-qualification of Bids and recommendation of contract award shall not be disclosed to Bidders or any other person not officially concerned with such process until the contract award is published.

27.4. Any effort by a Bidder to influence UNFPA in the examination, evaluation, comparison, and post-qualification of the Bids or contract award decisions may result in the rejection of its Bid.

27.5. Notwithstanding from the time of Bid opening to the time of contract award, if any Bidder wishes to contact UNFPA on any matter related to the Bidding process, it should do so in writing.

28. Technical evaluation (16)

28.1. The Technical Bid is evaluated on the basis of its responsiveness to the Terms of Reference shown in Section II, the Technical Bids submitted by the Bidders and the evaluation criteria published below.

29.2. Notwithstanding anything stated above, UNFPA reserves the right to assess the Bidder’s capabilities and capacity to execute the services satisfactorily before deciding on award.

29.3. Even though the Bidders may meet the above qualifying criteria, they can be subject to disqualification if they have made misleading or false representations in the forms, statements and attachments submitted in proof of the qualification requirements, and/or have a record of poor performance such as: not properly completing contracts, inordinate delays in completion, litigation history, financial failures, etc.

30. Financial evaluation (18)

30.1. The Financial Bid will only be evaluated if the Technical Bid achieves the minimum score as indicated in clause 27.2 and is considered qualified through the supplier qualification process described in clause 29. Proposals failing to obtain this minimum technical threshold or those which will not be considered qualified through the supplier qualification process will not be eligible for further consideration.

30.2. The Financial Bid is evaluated on the basis of its responsiveness to the Price Schedule Form SECTION VI – ANNEX E: PRICE SCHEDULE FORM. The maximum number of points for the Financial Bid is 100. This maximum number of points will be allocated to the lowest price. All other Financial Bids will receive points in inverse proportion according to the following formula:

\[
\text{Financial Score} = \frac{\text{Lowest Bid ($)}}{\text{X 100 (Maximum Score)}}
\]
31. **Total score (19)**
   31.1. The total score for each Bidder will be the weighted sum of the technical score and financial score. The maximum total score is 100 points.

   \[
   \text{Total Score} = 70\% \text{ Technical Score} + 30\% \text{ Financial Score}
   \]

**F. AWARD OF CONTRACT AND FINAL CONSIDERATIONS**

32. **Award of Contract**
   32.1. UNFPA intends to award the Contract for Professional Services to the Bidder(s) that obtains the highest combined score of the Technical and Financial evaluation.

33. **Rejection of Bids and annulments**
   33.1. UNFPA reserves the right to reject any Bid if the Bidder has previously failed to perform properly or on time in accordance with previous contracts/purchase orders or if the Bidder from UNFPA’s perspective is not in a position to deliver pursuant to the contract.
   33.2. UNFPA reserves the right to annul the RFP and reject all Bids at any time prior to award of the contract without thereby incurring any liability to the affected Bidder(s) or any obligation to provide information.
   33.3. Bidders waive all rights to appeal against the decision made by UNFPA.

34. **Right to vary requirements and to negotiate at time of award**
   34.1. At the time of award of the contract UNFPA reserves the right to vary the quantity of goods and/or services specified in the RFP by up to 20% without any change in hourly/daily or any other rates or prices proposed by the Bidders or other terms and conditions.
   34.2. UNFPA reserves the right to negotiate the price with the Bid winner before awarding the contract to ensure that the Financial Bid is competitive on all aspects of the price.
   34.2.1. The purpose of negotiations of offers selected based on the ‘cumulative analysis methodology’ is to ensure that the technical proposal is in line with requirements and that the financial proposal is competitive on all aspects of the price.
   34.2.2. In the negotiations, any deficiency in the offer will be pointed out to the supplier. The supplier will be allowed to make adjustments in the proposal in order to improve and more clearly specify the contents of the offer. However, under no circumstances shall the requirements (Terms of Reference/specifications) be changed.

35. **Signing of the Contract**
   35.1. The procurement official will send the successful Bidder(s) the contract for professional services for *ceiling price contract*, which constitutes notification of award. Successful Bidder(s) shall sign and date the contract, and return it to UNFPA within 10 calendar days of receipt of the contract. To facilitate the process of signing the contract, Bidders are expected to have reviewed the template of Contract for Professional Services, found in SECTION VII – ANNEX A: TEMPLATE OF CONTRACT FOR PROFESSIONAL SERVICES of the Bidding documents prior to submitting a Bid. The successful bidder shall deliver the services and/or goods in...
accordance with the delivery schedule outlined in the Bid/Contract only after both parties sign the contract.

35.2. UNFPA reserves the right to discontinue the contract if the supplier’s performance is not satisfactory to UNFPA.

36. **Publication of Contract Award**

36.1. UNFPA will publish the following contract award information on United Nations Global Marketplace [http://www.ungm.org](http://www.ungm.org), unless it is deemed to be in the interest of UNFPA no to do so: Purchase Order reference Number, Description of the Goods or Services procured, Beneficiary Country, Supplier Name and Country, Contract amount and the issue date of the contract/purchase order.

37. **Payment Provisions**

37.1. UNFPA’s policy is to pay for the performance of contractual services rendered or to effect payment upon the achievement of specific milestones described in the contract.

38. **Bid protest**

38.1. Bidder(s) perceiving that they have been unjustly or unfairly treated in connection with a solicitation, evaluation, or award of contract may complain to the UNFPA Pakistan Country Representative, Dr. Hassan Mohtashami at mohtashami@unfpa.org. Should the supplier be unsatisfied with the reply provided by the UNFPA Representative, the supplier may contact the Chief of the Procurement Services Branch at procurement@unfpa.org.

39. **Documents establishing sustainability efforts of the Bidder**

39.1. Currently UNFPA is requesting information on environmental and social policies and related documentation with Bids submitted by prospective suppliers. UNFPA is incorporating environmental and social criteria considerations into the evaluation process, such as adherence to Global Compact requirements (more information can be accessed here, [http://www.unglobalcompact.org/](http://www.unglobalcompact.org/), or by contacting Procurement Services Branch at procurement@unfpa.org). UNFPA encourages suppliers to consider joining the UN Global Compact and to look into other ways to help reduce their environmental impact now.
SECTION II: TERMS OF REFERENCE (TOR)

Background information
Though population growth in most Asian countries has slowed significantly, Pakistan is an outlier with continuing high rates of fertility and population growth. The results of the population census of 2017 were unexpected, and showed a staggering intercensal growth rate of 2.4 percent. This growth rate poses serious challenges to the socioeconomic viability and stability of a country that is already the sixth most populous in the world. The Pakistan Demographic and Health Survey (PDHS) 2012-13 reported a contraceptive prevalence rate (CPR) of 35 percent, significantly lower than other South Asian and Muslim-majority countries, while unmet need for family planning (FP) among married women was quite high at 20 percent.

Pakistan’s public sector structures are complex, fragmented and weak. The 18th constitutional amendment in 2010 marked a major shift in government policy by devolving responsibility for the health and population sectors (among others) from the federal level to the provinces. With devolution sexual and reproductive health services, including family planning, received less attention. However, since the Pakistan Population Summit in 2015, there have been visible signs of provincial commitment to FP. These commitments were restated during the FP2020 summit in July 2017. Provinces have in place, or are developing, population policies and FP Costed Implementation Plans (CIPs). Whilst these CIPs have funding gaps, there are commitments from provincial Governments to increase budget allocations. Alongside this, there is a need to strengthen provincial co-ordination and accountability mechanisms to ensure improvements in service delivery, particularly for the poor.

To reduce unmet for FP and addressing underlying causes of low FP uptake, UNFPA engagement and interventions aim to accelerate delivery of Family Planning information and services by creating an enabling environment conducive to FP policy development and implementation, promoting service delivery normative policies and regulations, and improving sector wide leadership and coordination. This programme is a central part of the Reproductive Health Thematic area under the 9th UNFPA Country Programme of Assistance and is aligned to the Government of Pakistan Vision 2025, Agenda for Sustainable Development 2030, FP2020 and the International Conference on Population and Development.

UNFPA and its implementing partners, the Population Programme Wing Ministry of National Health Services, the Population Welfare Departments of Khyber Pakhtunkhwa (K-P), Punjab and Sindh provinces, the Population Council and Rahnuma Family Planning Association of Pakistan are implementing UNFPA Country Programme (2018-2022), which has a focus on family planning, using UNFPA and donors’ resources (such as funds received from DFID for the Enabling Environment—Advocacy and Policy Development component of DFID Delivering Accelerated Family Planning in Pakistan-DAFPAK programme). Technical assistance by UNFPA to and through its implementing partners aims to engender a more conducive and supportive policy framework that promotes programme outcomes and enable high level policy dialogue to mobilize political and strategic support for revitalization of family planning programmes and services.

To complement these, actions to promote and support stronger linkages and coordination between and among key stakeholders at various levels are being pursued through platforms such as the FP2020 Country Engagement Working Groups and the FP donor forum. Capacity strengthening efforts in the area
of rights-based Family Planning, RH commodity Security (RHCS), task sharing and task shifting and public-private-partnerships will be enhanced and sustained.

A transformative advocacy and communication strategy for family planning (FP) will be developed and a systematic process followed to mobilize stakeholder support across government and civil society, reaching consensus among technical experts, working through existing mechanisms, and funding events and activities that create a climate of opinion and a political imperative to provide FP to those who want it.

**Scope of work (Description of services, activities)**

UNFPA is recruiting a full-time Family Planning (FP) Adviser to oversee its programme to revitalize FP in Pakistan and the individual is expected to be on board by the end of 2018. In the interim, UNFPA will rely on short-term (3-4 months) technical assistance from a firm/institution to move the FP Agenda forward with creditability and persuasiveness and position UNFPA as the lead/convener in this area.

The selected firm/institution will provide 1) technical assistance to UNFPA’s overall CPD FP component and DFID-supported initiative, through a resident advisor and 2) technical assistance to UNFPA’s Implementing Partner, the Population Council, to formalize a new national narrative on transformative advocacy and communication FP strategy (2018-2022).

The technical assistance to UNFPA will include:

- Coordination of implementation and reporting on UNFPA’s DAFPAK funded programme
- Provision of advice in accordance with WHO guidelines on specific contraceptive methods as well as cost-effective contraceptive methods mix.
- Designing and supporting the roll-out of a robust task-sharing strategy/roadmap to expand access to FP services.
- Provision of technical backstopping and supporting relevant research and analysis aimed at providing information and knowledge-base and readily useable methodologies to FP planners, policy makers, programme managers and service providers.
- Collaboration with development partners and UN agencies to promote and provide coordinated and integrated technical support for FP.
- Coaching/mentoring UNFPA staff and partners on rights-based family planning
- Provision of technical assistance to the implementation of the national and provincial action plans to ensure that contraceptives are available to women and men when needed.
- Developing policy briefs, analytical papers, presentations and other policy related documents

Technical assistance to UNFPA’s Implementing Partner, the Population Council, to develop a five-year transformative advocacy and communication strategy for family planning, will be done mainly remotely. A prime objective of the advocacy will be to influence the opinions and decision of policy makers regarding increased financial allocations, laws, regulations, and other structural factors that affect contraceptive use and to use traditional and social media channels as a push factor by holding policy makers accountable. A tailor-made Social Media plan/strategy will be part of the transformative advocacy strategy as it is important to harness the potential of social media in forming opinions, influencing stakeholders, and creating voice and noise.

Key steps to developing the advocacy strategy that the consultant firm/institution will advise/support the Population Council on include

- Context analysis
- Power mapping–Identifying key target audience stakeholder analysis
- Design of a theory of change
- Selection of channels of communication and materials
- Development of a work plan

**Expected Outputs/Deliverable(s)**

- Documented contribution to development of 5-year (2018-2022) transformative advocacy and communication strategy for period Family Planning
- Documented contribution to development advocacy-specific theory of change that maps the route to influence the allocation of resources and greater political commitment.
- Strategy paper and guidance note for partners on the roll out of Task Shifting and Task Sharing initiative
- 4 Policy/Programmatic Briefs on accelerating FP access/utilization in Pakistan (e.g. Task sharing, Post-Pregnancy Family Planning, Public-Private Partnership, vouchers)
- Recommendations to improve FP coordination mechanisms at national and subnational levels

**Timing / Schedule**

- September-December 2018

**Required expertise, qualifications and competencies, including language requirements:**

The interested firm/institution should have demonstrated experience/expertise in national and international level SRH/FP policy formulation and social and behavior change communication strategy development in the Asia region. Experience working in Muslim-majority countries and prior experience working with UNFPA and the Population Council is a plus.

Knowledge and Experience advisors (resident or remote) should include

- At least 10 years of increasing responsible professional experience in the field of FP and SRHR with experience in programme/project management.
- Demonstrated knowledge/familiarity of WHO’s evidence-based guidelines for family planning
- Knowledge of Pakistan's FP landscape, population dynamics and socio-cultural issues.
- Proven ability to design innovative strategies to achieve demonstrable results.
- Excellent communication skills in speaking and writing in English.
